

The Industry Report – Singapore Manufacturing Sector

The Manufacturing Sector is a prime contributor to Singapore economy's sustainability and growth. With intense competition from the region, the Singapore Manufacturing Sector needs to constantly re-invent itself to remain competitive and relevant. How does the Singapore Manufacturing Sector stand out in the global market?

Join us in this seminar, as industry experts reveal the challenges faced by businesses, identify high growth potential areas and discover effective strategies to achieve sustainable results. Seminar topics include:

- Report on Global Manufacturing Sector by Chartered Institute of Management Accountants (CIMA)
- Report on Strategic Assessment of the Singapore SME Manufacturing Sector by Frost & Sullivan
- Q & A Session with a Panel of Industry Experts
